

Weekly Dose Dedication Page

Dedications and Acknowledgements

RULE Dedications and acknowledgements are formatted the same way.

- Each begins on a new braille page.
- Follow print for placement. The acknowledgements may be in the front or back of the book.
- The text begins on line 1, or line 3 if there is a running head.
- The dedication is generally treated as a regular paragraph, which may be in 3-1 or 1-1 format. If the dedication is in a format other than a paragraph, follow the guidelines for other formatting, such as poetry. [*Did you notice in the example below, even though ink print is formatted as a center heading, in braille, it is formatted in a 1-1.*]
- The acknowledgements are generally treated as a list.
- Ignore emphasis unless needed for distinction.
