

## Weekly Dose Directions with Three Paragraphs

- Use 5-5 margins for unnumbered or unlettered directions.
- Use 7-5 margins for additional paragraphs.
- Transcribe numbered or lettered directions in a nested list format. Begin additional paragraphs two cells to the right of the runover position.

## Example

Write each sentence correctly. [5-5]

Add a single line below the verb. [7-5]

Cross out the incorrectly spelled word in each sentence.

1. The boy run fast to pass the ball.
2. The football team workd hard running at practice.

A large, abstract black and white graphic composed of numerous small, irregular shapes and dots, resembling a dense, textured pattern or a stylized representation of a complex system. The shapes are scattered across the page, with some forming larger, more recognizable structures like a grid or a cluster of dots, while others are isolated or form small, irregular groups. The overall effect is one of a complex, interconnected network or a dense, textured surface.
