Insert the **grade 1 passage indicator** preceded by a blank line before the beginning of the puzzle to ensure it is read as individual letters. The dot locator for "use" is required before the **grade 1 passage indicator**, which might otherwise be misread because the symbols-sequence would contain no upper dot. **Place the grade 1 terminator** on the line following the puzzle (which also requires the dot locator for "use"). Insert a blank line to indicate the end of the puzzle.
